**SUCCESS**

PREMIUM TOPDRESS FOR LAWNS & GARDENS

AMENDMENTS

**CONTAINS:**

Aged Forest Products, Wood Fines, Poultry Manure, Gypsum, Kelp Meal, Endo & Ecto Mycorrhizae and other Beneficial Soil Microbes

**SIZE OPTIONS:**

- 2 cu ft bags /60 per pallet

**BENEFITS:**

- A premium hand-crafted blend
- Natural and organic ingredients plus beneficial soil microbes designed specifically for your lawn
- Ideal for top dressing planting areas in the garden
- Improves germination and establishment of new lawn
- Adding depleted organic matter back into the soil will help protect tender roots from the sun, prevent evaporation and create a better environment for your lawn to thrive

**BEST USE:**

Use for better density, stimulating lawn roots, and providing warmth for seeds. Enhances biodiversity and organic matter of the soil.

**APPLICATION USAGE:**

2.0 cu ft will cover approx. 100 sq. ft. for seed covering/top dressing or when mixing in the soil 2" - 6" deep will cover 25 sq. ft.
