

EST.

LGM SOIL

1946

AMENDMENTS

PATHSCAPE

USED FOR
GROUND COVER & MULCH

CONTAINS:

Aged Forest Products

SIZE OPTIONS:

- 1 cu ft

BENEFITS:

- Retains Soil Moisture
- Top Dressing
- Erosion Control
- Helps Prevent Weeds* A three inch layer of Pathscape naturally prevents weeds by blocking growth and access to sunlight

BEST USE:

Commonly used to conserve moisture, ground cover, and mulch for garden or landscaping.

USING TIPS:

Use as 1-2" layer to top dress soil, suppress weeds and conserve soil moisture.
